The Progressive Club of Stinson Beach held its regular monthly meeting Tuesday, November 2nd, instead of Wednesday. The meeting was called to order at 8:10 p.m. by the president. In the absence of the secretary Alice Algar was asked to ~~take her place~~act as secretary.

The minutes of the meeting of October 6th were read and approved as read.

The president reported that Mr. Homberg had been here and had varnished and painted the street signs. The bill of $1.03 for paint and varnish were ordered paid.

Under communications the secretary read a letter from Marvelous Marin thanking the club for its donation of $10.00 and the other two donations from members.

The secretary also read a letter received from Mr. W.O.Neil who has a cottage at Camp Upton. The letter was a copy of one he had written to the Sheriff protesting against the use of the beach for auto racing. After reading this letter the president said that Mr. Upton had come to the meeting to speak in regard to this matter. Mr. Upton said that he did not wish to do anything against the will of the people and asked the secretary to read a letter he had received from the District Attorney, which stated that the Board of Supervisors would have to give their permission for such races on the beach. After a general discussion it appeared that the autos raced one at a time and did not go down to the part of the beach where the people were. The discussion proved that the members of the club who were present had no objections to offer so the president suggested that Mr. Upton so inform the District Attorney when he answered his letter.

There was also a discussion in regard to the decision made by the Federal Housing Administration in regard to loans for building new homes in this district. Mr. Upton was asked by the president to contact Mr. Jenkins and see if he knew the exact ruling in regard to the amount they would lend.

There being no further business the meeting adjourned at 9:20.
